Q: Carol asks, "Are there any days of the week that are less crowded? What about what time of day?"

A: I would recommend trying to visit sometime during the week instead of on the weekends. Also, think about making a trip during the spring or fall instead of the summer months. It will give you a chance to see some of the unique festivals at Silver Dollar City like World-Fest, Bluegrass & BBQ or the National Harvest Festival. Plus, the temperatures are usually a little milder, which makes for an enjoyable trip.
